

AGENDA SUMMARY

The City of Daytona Beach

DEPARTMENT/DIVISION: Public Works Department STAFF CONTACT: David Waller ITEM TITLE: Replace Lower Boom Assembly on Unit 4900	Meeting Date: 12-06-17 First Agenda Action: Second Agenda Action:
---	--

ACTION (check one): Presentation Discussion Resolution Ordinance
 Resolution – PUBLIC HEARING Ordinance on first reading – PUBLIC HEARING

IS ITEM BUDGETED: YES NO BUDGET \$ 32,987.92
 TOTAL COST \$ 32,987.92

VISION PLAN/STRATEGIC PLANNING INITIATIVE: Infrastructure / equipment and public safety.

BACKGROUND: OSHA regulations require that all bucket and lift trucks be inspected and certified annually by vendors that specialize and are approved by OSHA to perform this work.

Unit 4900 was inspected and found it did not meet OSHA regulations so it could not be certified. Specifically, the complete lower boom assembly was corroded to the point where it could not be repaired. Thus, the need to completely replace the lower boom assembly is necessary. The truck chassis and upper boom assembly are in good condition.

Sole source is justified for the request because Altec Service Group is the original manufacturer and has the lower boom assembly specifications for fabrication.

Funds are available in account 001-600300-541-564001-000000.

STAFF/BOARD RECOMMENDATION:
Public Works Department recommends the City Commission adopt a resolution approving ~~replacing~~ the lower boom assembly for Unit 4900 assigned to the Traffic Division to Altec Service Group, 2750 Imeson Road, Jacksonville, FL 32220 in the amount of \$32,987.92.
