TOTAL COST \$ 861,333.00

VISION PLAN/STRATEGIC PLANNING INITIATIVE: Infrastructure Improvements: Providing quality infrastructure improvements, operations and maintenance to enhance the quality of life in our community

BACKGROUND: Public Works is requesting that the City Commission authorize the City Manger to submit a grant application for a Special Category Grant in the amount up to \$500,000.00 and accept the grant if awarded to install a new turf system at the Jackie Robinson Ballpark. Minor League Baseball {MiLB} requires teams, pursuant to MiLB Rule 58 to provide a field surface without defects and or trip hazzards that could affect the normal play of the game or jeopardize the player safety. The turf replacment will bring the existing field up to MiLB standards and address safety concerns. The turf field is superior to sod in that it allows continuous play and it enables the field to withstand the wear and tear of numerous community events. The estimated probable construction cost for the turf replacement is \$861,333.00. As authorized in Reslution 17-402, the City also applied for and has been awarded a Racing and Recreational Facilities District grant in the amount of \$355,000.00.

STAFF/BOARD RECOMMENDATION: The Deputy Public Works Director is recommending that the City Commission authorize the City Manager to submit a grant application for a Special Category Grant in the amount up to \$500,000.00 and accept the grant if awarded, to install the new turf system at the Jackie Robinson Ballpark and authorize the City Manager to approve subsequent documents for the furtherance of the grant acceptance and project improvements.
