COMMISSION-MANAGER PLAN
DAYTONA BEACH, FLORIDA 32115-2451

FINANCE DEPARTMENT
P.O. Box 2451

TELEPHONE: 386-671-8060
FACSIMILE: 386-671-8065

To: James Chisholm, City Manager
From: Patricia Bliss, Chief Financial Officer *P. Bliss*
Date: August 20, 2018
Subject: Purchase of Innovyze InfoSWMM Wastewater Collection System Management Model Software and Maintenance

Request for City Commission approval to purchase a floating license of Innovyze InfoSWMM Wastewater Collection System software, including 10,000 links, and the first year of software maintenance from vendor # 101285 Innovyze Inc., 6720 SW Macadam Ave. Suite 150, Portland OR 97219, in the amount of \$29,380.

Carollo Engineers Inc. was chosen as the City's Engineering Consultant for developing a Wastewater Master Plan pursuant to Request for Proposals (RFP) No. 0418-0680. Carollo Engineers recommends the City implement InfoSWMM as its wastewater hydraulic software for modeling gravity sewer and force main networks.

The City already owns a license to InfoWater; a similar software used for modeling potable water systems, and is made by the same company as InfoSWMM. Efficiencies are expected to be gained from staff training on and using similar software to model water and wastewater.

Staff request the authority for the City Manager to approve documents required to execute the purchase approved by the Resolution.

Funds available in Water & Sewer Renewal & Replacement 8% Fund # 428-610000-536-565000-611802.

With your approval, I request this item be added to the next available City Commission Agenda.
