Re: Ovivo USA Equipment
Sole Source

To Whom It May Concern:

Ovivo is the sole provider of Reactor Clarifiers™ and the original supplier of the 65 ft diameter units at the Daytona Beach WTP (supplied under our original sold order #22154-01). Ovivo is also the original supplier of the Gravity Thickener at Daytona Beach WTP (supplied under our original sold order #23302-02). Ovivo owns the drawings of the existing units and therefore will be able to properly mate and ensure compatibility of the existing components with the drives being replaced as it is nearing the end of its design life.

Please be advised that Ovivo USA, LLC is the "Sole Source" manufacturer and exclusive distributor of all EIMCO Water Technologies parts/equipment used in Ovivo (formerly EIMCO Water Technologies) wastewater & water treatment process facilities.

Please direct all inquiries for municipal water treatment equipment to:

Paul Wachter
813-242-2660 - Office
813-997-1527 - Mobile

Respectfully,

Ryan Clark
